EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claim 78.

Election/Restrictions

In the response filed June 23, 2004, applicant did not traverse the restriction and election by original presentation of claims 1-77 and 79 that was imposed in the Office action of February 27, 2004. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claim 78 directed to an invention non-elected without traverse. Accordingly, claim 78 is cancelled by the above examiner's amendment.

Allowable Subject Matter

Claims 50-58, 63-77 and 79 are allowed.
